

Devenish Nutrition Ltd is a fast growing, innovative, international agri-food technology business, supplying innovative environmental, animal and human health solutions to the farm, feed and food industry internationally. Headquartered in Belfast, Devenish has 5 manufacturing sites in the UK, including A-One and Hi Peak Feeds, as well as United States and Mexico.

The Role

The successful candidate will lead the Health and Safety initiatives across our Belfast and Widnes sites.

Key duties include:

- Promote a positive proactive culture towards health and safety.
- Keeping the Site leads informed of statutory requirements and ensuring compliance from EHS regulations.
- Providing an advisory service on EHS matters.
- Ensuring that all incidents are investigated thoroughly to highlight root cause and corrective actions.
- Arranging and/or undertaking regular inspections, audits, surveys and tests to assess the standards achieved using, where appropriate, external assistance.
- Liaising with managers and technical personnel to ensure that health and safety aspects of all new plant, equipment and processes are fully assessed.
- Ensuring risk assessments are undertaken and safe systems of work developed and implemented, to eliminate or reduce risks to the health and safety of employees or other persons.
- Reporting notifiable incidents to the appropriate authority.
- Ensuring compliance with all COSHH and MSDS on the relevant sites.
- Ensuring compliance with fire and emergency evacuation procedures.
- Providing periodic EHS, KPI and performance reporting.
- Conduct Environmental monitoring and follow-up on remedial actions.
- Assistance in the claim management process, with the legal and HR team.
- Providing advice in investigations into the cause of significant accidents and dangerous occurrences and carrying out recommendations for remedial actions.
- Arranging and/or undertaking regular and statutory inspections, audits, surveys and tests to assess the standards achieved using, where appropriate, external assistance.
- Assisting with the undertaking of risk assessments and development of safe working practices to eliminate or reduce risks to the health and safety of employees or other persons.

Essential Criteria:

- NEBOSH certification or equivalent
- A minimum of 5 years (or equivalent) in the same or a similar role
